May 20, 2009

Dear Friends,

It's going to be an exciting year for the arts! Four Corners Arts Center is embarking on its 17th year, and we are determined to capitalize on the general positive energy!

We have planned classes, performances, lectures, concerts, exhibitions and outings. Newport Art Museum will return with its children's and teen programs. Once again, we will have a sculpture exhibit in the park. For young children, there will be a new presentation by Yorick's Marionettes as well as a return by the Hampstead Stage Company. We are very pleased that the 4th Annual Photography Exhibit will offer an expanding opportunity once again.

We hope you will send us your contributions as they are vital to our programming. Your support at the highest level possible is necessary for us to continue to bring events and programs to Tiverton Four Corners.

More importantly, we hope to see you at Four Corners enjoying our many events.

Check out our web site for even more details! We look forward to a wonderful season!

Sincerely,

Rosalind M. Weir

SUMMER EVENTS

PERFORMANCES

YORICK'S MARIONETTE THEATER

Thursday, July 9th • 1pm

Sleeping Beauty

Geared for children

This adaptation of Charles Perrault's fairy tale is beautifully presented with hand carved wooden marionettes. The King and Queen of a beautiful kingdom rejoice in the birth of their baby daughter, who they name Aurora. At the celebration marking the event, three fairies bestow good wishes for the baby's future when a witch appears. The witch announces that Aurora will prick her finger to the needle of a spinning wheel and then fall into eternal sleep.

The God-mother fairy counters the curse: A handsome, charming Prince from a far away kingdom will find Aurora, fall in love and wake her with a kiss.

Adaptation: Agnes Novak

presents

Pinocchio

August 11, 2009 at 3:00PM

at The Meeting House
3850 Main Road, Tiverton

Free and open to the public

Geared for elementary and middle school students, grades pre-K - 8.

Carlo Collodi's Pinocchio is the timeless tale of an Italian woodcarver, Geppetto, who carves a son out of a block of pine. Join the wooden marionette on his journey to become a real boy! Through Pinocchio's mischievous adventures, he discovers that to truly be human is to be good-hearted and brave. This is a story of self-discovery, transformation, and redemption. Through this play, we hope to teach students the importance of honesty, education, and gratitude.

AUTHOR EVENT

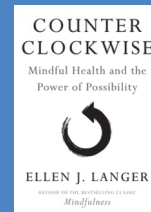

Dr. Ellen J. Langer

Wednesday, August 5th • 8:00 PM

**Counter Clockwise:
Mindful Health and the Power of Possibility**

If we could turn back the clock psychologically, could we also turn it back physically? For more than thirty years, award-winning social psychologist Dr. Ellen Langer has studied this provocative question. Now, in her seminal book COUNTERCLOCKWISE: Mindful Health and the Power of Possibility (Ballantine Books Hardcover; May 19, 2009), she presents the answer: opening our minds to what's possible, instead of clinging to notions about what's not, can lead to better health—at any age.

Free and open to the public
